All clinics are provided by our team of highly trained P.G.A. of Canada golf professionals *Doug Wark and David Inch*.

### Get Golf Ready Five one-hour sessions (Maximum 6 students per class) \$125

This program is designed for both a new golfer and as a refresher to get established golfers started off on the right foot. In the first three 1-hour sessions your instructor will review the basics of the golf swing. Focus will be placed on the starting position (including the grip), the back swing, and finish position. The two remaining sessions will be all about the short game. Here we will overview proper technique putting, chipping, the pitch shot, and play from the sand.
